CURB SEAL

Sturdy Seal Curb Seal® is designed to be installed between the curb wall and the wall plate. It provides an excellent air tight seal and prevents moisture from entering the house.

SPECIFICATIONS:

- 3/16" thick x 5-1/4" wide
- Better seal than silicone or caulk
- Not affected by beetles or insects
- Proven to last
- Can expand and contract with changes in temperature to keep an excellent seal
- Easy to install and forms to the imperfections in the concrete curb wall and lumber
- Weather resistant
