Can be ordered with or without a winter latching system

Cord guide installation tool

## Fast Track Tunnel Ventilation Doors

- Track design for both integrated cord tensioner and hinges
- Integrated meeting rail
- Integrated cord tensioner in track allows moving winching points without having to drill holes in the door
- Cord guide included along with jig speeds up installation
- Can be ordered with optional latch for closing in winter
- Superior air mixing
- Eliminates dead air spaces or "hot spots"
- Skin on the inside of the door can be black to aid in room darkening
- Material and labor cost savings by eliminating the dog house
- Polyurethane foam injected panels with an R-7 insulation value
- Very easy to operate
- Quick and easy to install
- Wide range of custom sizes
- Offers added energy cost savings and durability
